

General Guidelines

COVID Case at VC

- Ask Members to inform the VC once they have the virus. Assess the Risk.
- Contact the Local Public Health Official to alert them a Member contracted the virus.
- Entire Club will be cleaned and disinfected.
- Contact the infected Member to find out who they were in close contact with while at the Club. Alert known Members that were in close contact with the infected Member.
- Infected individuals must take at least a 14-day leave from the Club including all other members on the Membership.
- Require a copy of a non-positive test from the infected individual before returning to the Club.
